American Academy of Dermatology

Education in Advocacy Program

• Expose residents to local, state, and federal volunteer opportunities in advocacy.

• Advocacy Curriculum
  – Delivered over 3 years
  – Web-based education, on-site program lectures, annual and summer meeting programming.

• Opportunities for mentorships and meeting attendance.

Pilot Program

• 5-6 volunteer programs in Year 1

• 3 year pilot participation

AAD’s commitment

• Development of curricular content

• Support or provide facilitators for lecture/discussion topics

Program Commitment

• Completion of the 3 year pilot

• Allow each resident to attend the Washington Legislative Conference once

• Allocate time for the educational program

State Society Commitment

• Help support resident attendance at state society meetings

• Provide speakers on state issues/topics

• Provide mentors in advocacy as needed

• Provide a resident board observer position

• Provide committee service opportunities
Curriculum

• AAD: Structure and Function
  – Organizational structure
  – Committee participation
  – Advisory Board

• State Society
  – Organizational structure & activities
