

Dermatology Foundation

Prepared for:

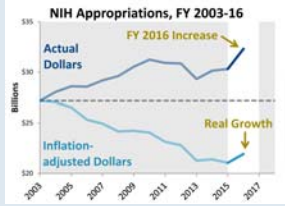

2016 Annual Meeting

Association of Professors of Dermatology

Shaping the Future of Dermatology
Established in 1964

The Problem

- From 2003 to 2015, the NIH lost **22%** of its capacity to fund research due to budget cuts, sequestration & inflationary losses.
- Even with a **5.9%** increase in the 2016 FY budget, NIH "real" capacity remains well below 2003.

Shaping the Future of Dermatology

Corporate support will continue to decline due to mergers & acquisitions

Physician Giving

Greater Member Support is Essential

Corporate Funding

Shaping the Future of Dermatology

2016 Research Awards: \$2.6 Million

DF funded 51 talented individuals & worthy projects, including:

- 3 Stiefel Scholar Awards - \$100,000/year for 3 yrs.

John E. Harris, MD, PhD

Almee S. Payne, MD, PhD

Michael D. Rosenblum, MD, PhD

Shaping the Future of Dermatology

2016: 38 Career Development Awards

- \$55,000/year for 3 years
- Largest DF investment: 80%

Shaping the Future of Dermatology

2016: Fellowships & Grants

- 4 Fellowships - \$30,000 1 year stipend

Dermatologist Investigator Research Fellowship

David Y. Chen, MD, PhD
Jennifer G. Gill, MD, PhD
Ian D. Odell, MD, PhD
Joy Wan, MD

- 6 Research Grants - \$20,000 seed funding

Patient Directed Investigation Grant

William M. Lin, MD

Research Grant

Aaron M. Drucker, MD
Carolyn S. Lee, MD, PhD
Tobias F. I. Schatton, PharmD, PhD
Cory L. Simpson, MD, PhD
Nicholas Theodosakis, PhD

Shaping the Future of Dermatology

Important Research Award Information

- **2017 Award Applications due Monday, October 17th**
 - Forms & eligibility requirements on dermatologyfoundation.org
 - 12 award categories supporting all areas of dermatology
 - All ACGME approved dermatology departments/divisions are invited to submit research proposals
- **"From the Dermatology Foundation"**, a new section in the Journal of American Academy of Dermatology, features the research of DF-sponsored researchers
 - Submissions are welcome and are to be directed to JAAD editor, Dr. Bruce Thiers

Shaping the Future of Dermatology

The Solution

Thomas B. Fitzpatrick Legacy Fund - \$100,000 pledge payable over 5 years at \$20,000/year

AC Sustaining - \$5,000 annually beyond \$25,000 AC pledge

Annenberg Circle - \$25,000 pledge payable over 5 years at \$5,000/year

Leaders Society - \$1,500/year

Scientific Circle - \$750-\$1,499/year

Scholars Circle - \$250-\$749/year

Shaping the Future of Dermatology

The future
depends on us.
